PAST & CURRENT PERFORMANCE

Supporting PEOPLE and MISSIONS through technology, our Engineering and Service Desk teams provide tenant-to-desktop Microsoft 365 support for approximately 120,000 users across the Department of Homeland Security.

Our experience in the federal Office of Information Technology (OIT) landscape gives us a holistic perspective of the unique requirements leaders and managers routinely face and a fine-tuned understanding of appropriate solutions to offer them.

Vamonos IT offers a uniquely strong combination of experience, scale and proven capability, providing our clients with a distinctive, low-risk partner to deliver reliable, mission-aligned support services.

U.S. Customs and Border Protection | U.S. Citizenship and Immigration Services | CISA Cybersecurity & Infrastructure Security Agency
